

## NOTES FROM YOUR 2012 AAOC MEMBERSHIP CHAIRMAN

Your member support is so important to our success. Together, we can build an arts legacy that provides entertainment and education to all residents of Oldham County as well as our neighboring counties. In 2012 look for a survey or two. Please respond. We want to build programs you enjoy and provide interesting volunteer and docent opportunities for those who would like to take an active part in our future.

Let me be the first you to welcome you to a new year of fun and education. In addition to invitations to all of our private and public Gallery shows and the shopping discounts, in 2012 we are introducing a "Just for Members" program. This program will offer a number of special events, for you and a guest.

Two exciting events are already well on their way:

*The Art of Richard Luce - Spring 2012*

Richard has devoted his life to portraying the history he loves and now is bringing some of his exciting original works to Kentucky for this one-man show. [www.richardluce.com](http://www.richardluce.com)

*Private Shopper Event, Winter 2012* - get an early jump on those "one-of-a-kind" gifts, use your member discounts, then join us at the party of the year - *Holiday Artistique at Gallery104*. Plan to bring a friend

Looking forward to seeing you at the Presidents Reception,

Pam Ludke
